## VERY SPECIAL THEATRICS

(VST) is a partnership between Very Special Arts Singapore and ACT 3 Theatrics.

Started in January 2017, the mission of VST is to establish an inclusive, semi-professional performing company with persons with special needs at the core, to provide special needs and mainstream artistes a platform to train, develop, create and perform together.

Although the company was only set up early this year, it has already made its impact on the beneficiaries. The father of VSA beneficiary Samuel said that "after coming to VST, Samuel is more vocal and opens up more in his speech, developed his innate talent and Samuel has made great improvement".

Another beneficiary Aqiyah shared that she "has learnt leadership, teamwork and help others" and "VST training and performing has built up her confidence tremendously".

So far, the company has made three public performances. They debuted with "Birds & Butterflies" at the Wee Kim Wee - SOKA International Seminar on Global Peace & Understanding and VSA's Welcome to My World concert in August, and performed "Peter & The Wolf" with veteran actors Remesh Panicker and Yap Yi Kai at the Victoria Concert Hall Organ Series 2017.

## A CHRISTMAS SURPRISE

### SYNOPSIS

Kelly and Sally, two sisters, are excitedly planning to decorate their home and celebrate a happy Christmas. Their hopes are shattered when their parents break the news that they can't afford their daughters' wishes. However, a motley group of elves surprises the family by coming together to create a Christmas tree and decorations from discarded materials.
